

CONNECTORS / ADAPTORS

How do you connect your new device?

Power Usage Meter

Reduce your energy usage and carbon emissions

- Track your emissions by plugging the device in before your appliances.
- Device tracks energy usage as well as carbon emission.
- Helps to motivate you saving energy

Product code:

CM-9010

Dimensions:

120*67*70 mm.

Color:

White

Packaging:

White box

Decoration:

Pad Print

Dimensions:

Front: 45*7 mm.

Technical specs:

- Standard EU plug
- Measure range for electricity 0.000~9999kWh
- Measure range for CO2 0.000~9999Kg
- Input: 16A 250V
- Output: 16A 230V
- Material: pvc + metal
